

Function Details

Accelerate Productivity

- ▶ Produce faster quotes
- ▶ Move from quote to job in a few short steps
- ▶ Retain profitability by quoting based on accurate job cost information

Quoting

- ▶ Instantly generate the most accurate quotes
- ▶ Use actual run-time to create the most competitive quotes
- ▶ Turn quotes into orders in a single step

Visualization

- ▶ Complete shop floor visualization
- ▶ Follow parts through the entire manufacturing process
- ▶ Instantly re-order parts needed on the floor
- ▶ Unmatched scheduling capabilities for each process

Process Automation

- ▶ Run your entire process through one system
- ▶ Automatic notifications sent to purchasing when sheet stock is low
- ▶ Run multiple jobs at once

Integration

- ▶ Integrate with SigmaNEST CAD/CAM nesting software to send jobs to your machine instantly
- ▶ Manage your entire stock list
- ▶ Link directly to parts for a single-system solution

SigmaMRP integrates with these popular SigmaNEST products

SigmaMXP®

View, manage, and automate every aspect of your shop's job planning process.

SigmaNEST® Maximizer™

Combines the power of TrueShape nesting with the operational efficiencies of job tracking and inventory control solutions

SigmaNEST® PowerPack™

Combines advanced nesting and NC programming with greater operational efficiencies of job tracking and inventory control

SigmaTUBE®

A complete tube and pipe cutting software that operates seamlessly within SOLIDWORKS®.

Color Offload™

Eliminates confusion by color-coding and displaying parts grouped with the orders to which they belong.

SigmaNEST® Punch PowerPack™

Comprehensive sheet metal software for automatic nesting for punch machines.
